56	I believe some items need to be upgraded but not enlarged	3/15/2015 3:34 PM
57	The facility is inadequate. We may not need a music room, but we need to fix the facility and separate the caf and gym.	3/13/2015 6:58 PM
58	As the forecast is for stagnant or no growth of school age children, the school should be safe, technilogically & energy efficient but not necessarily require huge amts of \$\$ for expansion and large improvements	3/11/2015 3:02 PM
59	Are you kidding me?	3/10/2015 4:27 PM
60	if repairs are needed to the building, they should be done - otherwise the focus should be on the quality of education	3/8/2015 3:52 PM
61	The facility is old and disfunctional. I would like to see a modern structure for the children and one the whole town could use	3/6/2015 1:18 PM
62	We are falling behind other communities in the area	3/4/2015 2:11 PM
63	Good education is about good teachers not fancy facilities. Basic maintence should be done only. I already pay \$1000 a month in property taxes how much more do you want from me	3/4/2015 9:16 AM
64	Needs maintenance yes, but does not need all the bells and whistles. A strong education is about teachers and community, not fancy expensive facilities. School is #2 in state, several million in improvements will not strenthen our childrens' education! If those who want to spend the \$ had to pay for it themselves, they probably would change their minds.	3/4/2015 7:50 AM
65	My answer is based on the CURRENT condition. Hopefully the improvement warrants will pass!	3/3/2015 9:27 PM
66	Need for building maintenance	3/3/2015 3:40 PM
67	This facility is an embarassment to the town. It is so old it is almost beyond repair. If it is not repaired soon, I fear it will need to be torn down and rebuilt...THEN WHAT WILL HAPPEN TO OUR TAXES????	3/3/2015 1:52 PM
68	LAS is in desperate need of improvement (gym, science, langauge, special ed, etc) & maintenance (roof, windows, etc)	3/3/2015 12:24 PM

**Your answers to the questions below will enable us to develop a sound plan built on the views of the
 Hampton Falls community.**

69	Upgrades are long overdue and it saddens me that many involved in Planning & Board of Selectmen are opposed to school renovations. They should hold themselves at a high standard and support the needs of the school for our children. We don't want to be a retirement community with no school system and no families with young children.	3/3/2015 11:46 AM
70	Needs work, but 'again' asking for all the money at once will never get my vote - pathetic waste of our time rehashing the same thing	3/3/2015 10:19 AM
71	The facility is in dire need of renovation, the original 1949, 64, 67, 74 & 87 wings ALL need attention and new space needs to be added for a 21st century education!!	3/3/2015 10:19 AM
72	Accomplish long overdue NEEDS FIRST, then add needed classrooms.	3/3/2015 10:06 AM
73	The warrant articles over recent years has been very poorly managed and explained. Options should be provided at much lower financial levels.	3/3/2015 9:48 AM
74	HOWEVER....It does need to be properly maintained and current footprint upgraded as needed.	3/3/2015 9:47 AM
75	just got rated one of the top schools in the nation. allowing more debt to make cahnges isn't likely to get better rating results. the kids are doing great as is.	3/3/2015 9:43 AM
76	The school lacks adequate space for today's educational program and is in a serious need for major repairs	3/3/2015 9:37 AM

1	If Town water - sewer were put into Route 1 infrastructure many new businesses would follow ie restaurants, small manufacturing, retail	6/18/2015 2:55 PM
2	Yes, but be creative, develop wisely and be proactive. Make it attractive and appealing.	6/18/2015 2:21 PM
3	Lets keep the rural character of the Town as it is now.	6/18/2015 2:30 AM
4	Need water and sewer on Rt 1 corridor.	6/18/2015 12:13 AM
5	Leave rural areas as they are currently.	6/17/2015 11:56 PM
6	New developments at Applecrest are welcome additions We need more of these to service community (ie water service company)	6/17/2015 11:11 PM
7	Route 88 could be commercial - Applecrest has control.	6/17/2015 8:09 PM
8	The commercial and industrial development property infringes on the houses and property lines of this rural community and it depreciates values of our houses.	6/17/2015 8:24 AM
9	I think a thought-out zoning ordinance could provide the ability to allow in Rt 1 and can save residential areas where appropriate.	5/28/2015 3:00 PM

16	If there is adequate space and conservative set back requirements in place for commercial development, then the option should be allowed to be discussed. There is limited Rt 1 space available for development so the inclusion of other options should remain a possibility.	3/16/2015 10:50 AM
17	Route 1 shouldn't be development any more either. It's too close to tidal wetlands.	3/13/2015 7:00 PM
18	HF is a residential/agricultural town. While it would be nice to encourage 'home based' businesses (lawyers, accountants, antiques dealers, day care, etc) that would not require massive building investments or demolition of the current aesthetic, true comm/ind dev should be kept to Rt 1	3/11/2015 3:07 PM

**Your answers to the questions below will enable us to develop a sound plan built on the views of the

19	I don't even see why this is a question. There is no other suitable area in town for commercial development. The town should keep it's rural/residential nature	3/4/2015 2:14 PM
20	Leave what is there as is and don't bring in any thing new. If anything get rid of some of those ugly steel buildings or hide them with trees.	3/4/2015 9:24 AM
21	LOOSEN RESTRICTIONS ON RT. 1 - GET BUSINESSES IN! WE NEED A FREAKING ALE AND STEAK JOINT LIKE EVERY - and I mean - EVVVVVVVVVVVVVVVVERY OTHER TOWN! WE SUCK AT BUDGETS! OBAMA DOES THE SAME: "INCREASE TAXES, FUND LIBERAL CAUSES, LAY IT ON THE TAXPAYER, COLLECT PENSIONS FOR LIFE, FORBID BUSINESSES". LET BUSINESSES FUND OR SHARE IN THE BILL FOR WATER/SEWER ON RT ONE - NOT US - JACKASSES!!!!!!!!!!!! UNITIL WILL DO IT!	3/4/2015 9:04 AM
22	We do not want further development of route 1 or the rest of the town. The town's strengths are that it is a rural quaint town. Don't change that! Who wants another Seabrook? Why would we destroy the good things the town has going for it. Why are questions 16 & 17 the same. I detect some bias here.	3/4/2015 7:52 AM
23	I believe there are some business types that are compatible with residential areas.	3/3/2015 9:31 PM
24	I've mentioned this in my last statement. I agree that we do need more businesses to broaden the tax base. I just don't want to see it turn into our bordering Town of Seabrook. Route 1 is already so congested especially in the summer.	3/3/2015 2:25 PM
25	questions 16 and 17 are exactly the same	3/3/2015 10:21 AM
26	The recent and proposed changes in the town keep eroding the rural nature of Hampton Falls.	3/3/2015 10:09 AM

1	The school has become a divisive issue in this Town. When peoples choices are taken away most consider this an affront to their freedom of choice. The School Board is only interested in getting all of their wants forgoing their needs.No one is opposed to repairing the school. How are they allowed to put this to a vote every year? The people have spoken two years in a row -= I don't get it! Why do we have to depend on outside police agencies after hours to police our Town?? How much would North Hampton charge a school year to send all of HF children there - any savings on teacher salary, school expenses?	6/18/2015 3:05 PM
2	High taxes - seniors over 75 should get a break on their taxes.	6/18/2015 2:39 AM
3	The amount of money the town wants for the LAS is insane! Why do they need a music room? Or three new classrooms? Dont get me wrong, the school should be updated but there is a huge difference between Needs and Wants. A building doesn't provide a great education great teachers do!!	6/18/2015 2:10 AM
4	The biggest issue is the school. I am worried about property values and Town reputation. This town will suffer immensely and property values will decrease if the school renovation is not addressed.	6/18/2015 12:23 AM
5	We are very concerned about the contentious nature of the public school/school board and the population of parents. Every year we are presented with outrageous calls for more and more money for school building projects, even as the school population plummets. We would be happy to vote for smaller amounts on the town warrants but the parents are demanding and seemingly don't understand how onerous the property tax bills are for many. We need radical change in the area of public schooling. vouchers for attendance in school choice programs, out of district placements, etc., should be considered.we could allow a limited number of out of district students to attend LAS, for example, and help to defray the high per pupil cost of providing public school education. Something new needs to be considered.	6/18/2015 12:05 AM
6	I would like Hampton Falls to continue to have a low tax rate and to do that, I do not want extra services and population growth that would require larger schools that require more revenue. Hampton Falls should remain a small New England town that is affordable to live.	6/17/2015 11:47 PM
7	We would like to see pelican style recycling and trash containers used. The small containers presently used are problematic and often we need to use several extra containers.	6/17/2015 11:15 PM
8	The reason we chose HF was the rural character of the Town. We are close to almost everything we need. A short ride will get us to the ?????? or cities.	6/17/2015 9:53 PM
9	Property taxes are on the verge of breaking me.The taxes alone are almost 23% of my net income. I cannot afford any more.	6/17/2015 9:47 PM
10	Question g., i., other--maintain pastoral character and limit human "footprint".	6/17/2015 9:30 PM
11	I moved to this town for the open spaces, quiet atmosphere and friendly neighbors and people.I grew up as a child in a very small town in the mountains of western mass.Hampton Falls reminds me very much of where I was raised. I am NOT in favor of over development, low income housing, senior housing or any other unnecessary development that in my opinion takes away from the town. I have 2 young kids, one will attend lincoln elementary this fall and my second in a few years. I am planning on raising my kids and family here in Hampton Falls. i feel that some people have been misinformed on some most needed school updates and it is a shame that there is still so much closed minded thinking in this town. i would think that steps being taken towards town sewer water gas lines should be a major concern and issues that needs to be considered for the future, as we all know oil prices will only rise, and septic leach fields do not allow for proper town expansion in the single family area.	6/17/2015 9:15 PM
12	Question G. 1, Walk / Bike paths	6/17/2015 8:47 PM
13	Our Route 1 area is a terrible representation of our great town.Former Morgado area looks awful and no less than 6 used car dealerships and 5 thrift/antique stores. The present shops on Route 1 provide little value to our Town's aesthetics. Question G.,1., other -- roller hockey like Hampton.	6/17/2015 8:24 PM
14	The school board needs to put forth to the voters an article that has only a prioritized maintenance dollar amount. Then the school board should have its wants on a separate article or articles. The school board needs to understand that it is not the dollar amount that has been the problem with not passing the big school articles, it is what they want to spend the money on. They should prioritize all the maintenance issues and do those items first and the voters would pass it.	6/17/2015 8:05 PM
15	There was A town meeting n the 10th? Was it immediately following poll closing at 8 pm? In what way will this survey information be shared with the townspeople of hampton Falls/Who will tally and interpret the completed surveys? There is a growing feeling In this town that the positions of the majority will be manipulated to suit the desires of those smaller groups seeking and handling the information. Will the school board learn from their mistakes of manipulation? All other money articles passed. Townspeople will not stand for the politics of manipulation and elimination of choice as has been seen in recent years. Question G., 3., Manipulation of surveys to suit the desires of survey takers is the real # 1 problem.	6/17/2015 7:51 PM

18	I want to see less government spending in Hampton Falls. the selectmen have done a good job holding down costs. however: the school (LAS) is a black hole of spending. the teacher salaries are OUTRAGEOUS. funding their retirement pensions IS going to be impossible. 1. why is there only 18 students to a class? 2. why is an aide also needed? 3. why are the kids outside collecting MAPLE SAP, when they should be inside learning english, math, history, ect. 4. why are the teachers teaching less than 20 or 30 hours a week and they call this a full time job? not to mention all the vacation time. 21	I think the town needs to have an interactive master plan for all town considerations including school, town, citizens and planning and zoning. this should be in the form of a group of interested citizens that would meet monthly (bimonthly) to interact with citizen's planning board, school board, selectmen and other state and town organizations with a goal to have/create a 25 year plan of directives. it doesn't feel like all of the town boards are generally aware of the others in town and i don't feel there is a long range vision for the town. Question B1: fire department: strongly disagree, police department: strongly disagree, highway department: strongly disagree, LAS: strongly agree, recreation programs: no opinion. 27	Support of the school renovation + addition first and foremost. The town needs to address the abysmal support of the school renovation and additional needs. Conservation, history, town water and sewer, public works will be harder to address as the town loses existing and new families because of the callous disregard by a minority of voters for the needs of the school. Without investing in our youth, their education and their sense of inclusion in the broader community, we are raising people who will have little desire to stay and/or return here to raise their families and appreciate and continue the history and sense of community Hampton Falls has enjoyed in the past. There should be no consideration of growing out town's population until we have addressed the school's needs - the proposal of the last three years are needs for a modern k-8 school, not wants as some have stated alongside their misleading and untrue sign and letters! If work is done on the school, the town could consider other issues though I would caution against business and other development beyond houses as the vast majority of residents seem to have chosen to live here because of its small town, residential character and ease of access to amenities - not because we want to live in a shopping, industrial area.	5/28/2015 1:53 PM
28	Side roads/cut-throughs are often littered by vehicle operators - it has frequently occurred to me that with signs that indicate fines for littering and installation of a camera we could attempt to reduce this problem. An example, over ten years ago, my 3 young children and I cleared up a section of Brown Road and in 50-100 yards we gathered upwards of 200 chocolate milk containers - an obvious daily routine of someone who drove this roadway. Also on Parsonnage Rd, there are often fast food bags of trash thrown in woods along with many empty alcohol containers that I frequently clean up. If we could try to target a few acres and test this it might be interesting to see the ramification. Thanks for considering, Cindy Jason Question B1: fire departments: no opinion, police departments: disagree, highway department: disagree, Lincoln Akerman School: strongly agree, Recreation Programs: agree. 37	B1: Agree with improvement to LAS. No opinion on improvement to Rec Programs. Disagree on improvement to Fire Dept, Police Dept, and Highway Dept. B2: Agree with addition of bike paths, walking paths and nature trails. "Every town doesn't need to have everything. HF is still rural. That makes it unique on the seacoast. That should be preserved. At present it has a nice balance- good local services, school, police, fire, roads, and reasonable budget and costs. The large lot sizes and lack of sewers, public water are a key to this rural character. The obscene over development on Drakeside and Towle Farm Rds in Hampton shows what happens when developers win, not municipalities and their citizens. Using technology to expand populations has to stop. The planet can't sustain this development. HF gets it right, in the pas, and now, should be an example for the future."	5/27/2015 3:50 PM
38	I feel that the town and its services are well financed and managed. The one exception to this is the condition of LAS, which is deplorable. It is shameful that such a affluent town does not invest in a proper school facility. B. 1. 44	Consideration should be given to running a natural gas line up Route 1 from Route 107 intersection.The US has a large reserve of natural gas and natural gas emits few pollutants. Lines could eventually be extended to homes and Town buildings. The next most viable addition would be city water if a water source found and a water treatment plant developed. The most difficult and expensive is sewage requiring a treatment plant pumping station etc.	5/27/2015 3:29 PM

"The first priority for this town is to renovate LAS and expand its size so that all educational programs can be met. It is much easier to vote no and ignore the issue than vote yes and do the right thing. It is time for our community to step up and support our largest asset. Please publish the results of this survey."	5/27/2015 2:12 PM

62	We the NH character remain. You do not want what we had in Ma. moved from Ma and we would like to see	5/14/2015 12:46 AM
63	I have lived in all the original Seacoast towns (north Hampton, Hampton, Hampton Falls and Seabrook) This Town is the best of all the four!! Don't change much!! Watch out for real estate developers, they are in it for the money and nothing else. Quality of life is of no concern to them. Its clear to see whats happened to Seabrook (completely out of control) Hampton also is busting at the seams, taxes rising fast.	5/13/2015 11:18 PM
64	We think Hamton Falls is terrific. We dont want anything to sacrifice rural character.We would prefer to have increased taxes instead of more commercial development to meet revenue needs. The only only problem we have had since moving was with trash and recycling, which was frequently either late or missed completely. we have had one occasion to call police and we were very impressed by their service, response and congeniality.	5/13/2015 10:04 PM
65	Tried to specify in #24, but was not allowed to do so. Number 2 ranking was for combination of small, retail businesses and office buildings. Number 3 would be affordable, elderly housing, and Number 4 - recreational facilities. Number 5 - service businesses.	3/30/2015 2:47 PM
66	LAS needs to be addressed. The BOS needs to provide feedback to the SB to help them get a plan that greater than 60% will vote for.	3/13/2015 7:06 PM
67	Hampton Falls is a great town...I love it. I don't want it to change. I moved out of Massachusetts because of the rural quality and personal attention that you have in a small rural town. I don't need to have services; However, I would like to see HF look into a green belt walking/biking trail system.	3/10/2015 2:39 PM

Hampton Falls Master Plan Survey Four Planning Board is in the process of updating the Town's Master Plan
 Your answers to the questions below will enable us to develop a sound plan built on the views of the
 Hampton Falls community.

68	The planning board needs much more transparency. I strongly suggest televised or recorded meetings.	3/9/2015 12:00 PM
69	False advertising prior to elections. Many of the signs in front of houses are intentionally inaccurate. I'm all for Free Speech but not deceit.	3/8/2015 7:25 PM
70	As to the LAS: Our children attended school in a town that offered Latin, music and art. After they graduated, the town spent millions to renovate the high school building. The entry has a stunning marble mosaic floor, but Latin, music and art have been cut. In my opinion the choices that were made were very poor. If LAS needs a roof or other repairs, the work should be done for the safety of those who attend school or work there. Otherwise, I would prefer to see funds allocated for education, teacher salaries, etc.	3/8/2015 4:03 PM
71	The survey seems to be geared toward spending more money and making change. I would like to see route 1 cleaned up but not expanded, and the rest of the town remain the same. You ask if we need bike trails, tennis courts and so on, out of the entire population of HF how many people really use these areas. Sure it's nice to have but to spend all that money for a small percentage of people that would use bike trails and such is a waste of my tax dollars.	3/4/2015 9:38 AM
72	Loosen the LIBERAL PROTECTIVE LAWS on Rt. 1. You WANT ALL BENEFITS from tax revenues, and "Limousine liberals" want the same - RICH stay at home IGNORANT individuals who've NEVER worried about a bill. You "claim" you're helping "the environment" but EVICTING the WORKING MAN, a policy BLATANTLY PUNISHING BLACKS. Proof? HOW MANY ARE THERE? ZERO? ONE? Keep it up and we're ALL SUED by NAACP. So - Stop saving damned ducks and weeds (we used to shoot trap - a gentlemanly thing) at the marsh (with stainless steel as sportsman are NOTORIOUSLY environmentally minded) - which YOU let YOUR LIBERAL DYING-CAT SCREAMER CRONIE LYN STAN (a contributor of JACK SHIT financially) "Decide" the law? WHAT THE F*CK RIGHT does SHE have? You have questions that "how concerned are you about "hunting". Which SHOWS you're a F*CKING LIBERAL! You KNOW how concerned I am? "VERY F*CKING CONCERNED" that there is NO HUNTING. You state "Concern" meaning "because its BAD" - you're OUTED! If you WANT your F*CKING cushy job with NO numbers to hit (try sales), NO WORRIES, a TWENTY F*CKING YEAR CAREER for a PENSION (NONEXISTENT IN THE PRIVATE SECTOR and DON'T GIVE me the BULLSH*T "we make less" because you have NO JOB THREATS like TARGET laying off 2K employees this week or ANYONE in the private sector), then STOP ALLOWING LIBERALS like SMITH and STAN to BAN F*CKING EVERYTHING! INCLUDING BUSINESSES on HAMPTON FALLS to FUND your F*CKING PENSION and JOB and ALL THE THINGS YOU LAY ON OUR SHOULDERS.	3/4/2015 9:18 AM
73	Questions 7 & 8 did not allow using opinions more than once for any category. Survey is faulty.	3/4/2015 9:11 AM
74	We do not want to see a more developed route 1. Already the traffic congestion is horrible. We do not want to see strip malls littering Hampton Falls. We do not want to pay for water/sewer development and we all know property owners will be the ones to pay. Keep HF just as it is -- small town rural. Note: there are a number of problems with the way this survey is laid out. You may not get accurate results.	3/4/2015 8:02 AM
75	I think there are too many new people in this Town that want to take away the country town and make it into something its not. I don't mind change if it's for the better but I don't this will be better. They keep wanting more and more and more (such as for the school) the kids have a lot more than we did growing up and they still want more. When will it be enough? As taxes keep rising, middle class families (such as myself) will be forced to move because I won't be able to afford the taxes. I don't know how much more I can afford. I work for a municipality where my raise gets voted on by the Town's people. I don't get many raises. I always vote yes for the municipality employees because they are our the backbone of the Town and without them, there wouldn't be much of a Town. I have no problem voting yes if the school building needs repairs or putting an addition on. That school isn't that old.	3/3/2015 2:46 PM
76	We need a new school, if not an updated, up to code school.	3/3/2015 2:07 PM
77	The condition of LAS is by far the single greatest concern to my family, both from a schooling & home value perspective.	3/3/2015 12:34 PM
78	Please support the school renovation project!	3/3/2015 11:57 AM
79	I believe the town should address design review for commercial district, including signage and landscaping. Also, curbs on excess lighting and light pollution.	3/3/2015 11:52 AM
80	If the Lincoln Akerman School is not renovated soon, each year we will approach needing a whole new facility, which could cost the taxpayers of Hampton Falls tens of millions of dollars. Let's get this together Hampton Falls, this isn't the 1970's and this building is 'not ok because it was fine for my child in the 70's & 80's!' We compete as a nation globally now, the competition is much greater than it was 40 years ago. Our children need to have the ability to compete in a up-to-date, safe and 21st century school. LAS is the town's BIGGEST asset, there is more to this town that just preserving historical buildings! And I say this as a 9th generation Hampton Falls resident who's family has been in town for hundreds of years.	3/3/2015 10:58 AM
81	Survey was messed up in a couple of areas for choices when ranking things like tennis courts, recreation facilities, trails, etc and the couple questions after as well. Good idea to test all the questions before sending out. :)	3/3/2015 10:50 AM
82	Curbside pick up of solid waste seems to be very inconsistent lately. Our previous residence had contracted a private company to haul waste and we never experienced such delays/poor quality service.	3/3/2015 10:30 AM
83	This questionnaire was obviously designed by people wishing to change the rural character of Hampton Falls by proposing additional town programs and projects.	3/3/2015 10:18 AM
84	Hampton Falls is a unique small town and should strive to remain residential, affordable, and not be drawn into the Rt 1 Seabrook mega store vortex!	3/3/2015 10:07 AM
85	I have been very disappointed with handling of school warrants. Proposals should be more discriminant in what is grouped together and dollar levels should be lowered to truly allow town choices.	3/3/2015 10:05 AM
