### TOWN CLERK

More and more people are taking advantage of our on-line renewals (E-Reg) of vehicle registrations and dog licenses. I would like to remind dog owners that, every year, you are required to license your dog(s) during the months of January through May (April being the actual month). This year, we experienced a larger-than-ever number of dogs not licensed by the May 31 deadline which resulted in additional fines to the dog owners and payroll to our dog officer.

We continue to "pass the word" that residents are now able to register their boats at our office. Currently, the state DMV doesn't allow boats to be renewed on line, however.

My staff and I attended the annual Spring Town Clerk's Seminar and the three-day Fall Convention where we received refresher courses and updates on changes in the state RSAs that pertain to Town Clerk duties.

We welcomed our new Moderator, J. P. Pontbriand. He, along with the Assistant Moderator, Supervisors of the Checklist, the Ballot Clerks and I successfully ran a special state general election in July. That election required only the towns of Hampton Falls and Seabrook to elect a state representative to fill a vacated position.

Residents continue to thank us for being able to complete both town and state portions of vehicle registrations with one stop at our office. They also appreciate the switch to one check instead of two--a process that allows customers the ability to pay with credit cards. We are required to add an extra 2.75% charge for credit card payments, however. We'll advise you as to how to complete your registrations should you be unable to get in to the office during our hours.

As a courtesy, our office posts election results as well as numerous board and committee meeting minutes to the website for your convenience. You may choose "subscribe to" on the town website to receive these election results, minutes, notifications, etc. To save time, we also provide various on-line forms for you to print and fill out ahead of coming into our office.

My Deputy, Assistant and I continue to enjoy helping you, our residents, throughout the year with the many varied Town Clerk duties. Please come directly to us with any concerns or questions you may have concerning anything "town clerk." We thank you for your patience and understanding throughout the year.

Holly Knowles, Town Clerk Karen Sabatini, Deputy Town Clerk Karen Parry, Assistant Town Clerk

### TAX COLLECTOR

2015 has been a year of exciting changes and improvements in the Hampton Falls Tax Office. My appointment took effect on March 5 as John Ashak decided to step away from the tax collector position. Appreciation and thanks are extended to John for his advice and helpfulness during and after my transition into office.

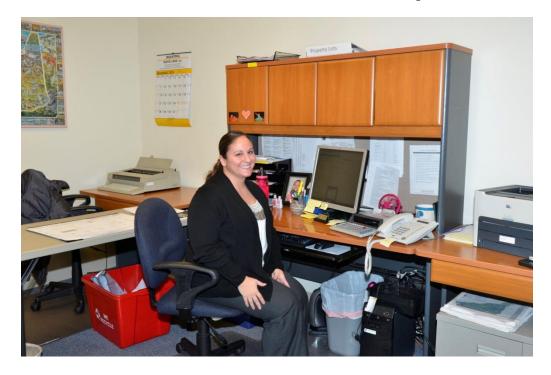

I have been working to learn the responsibilities and complexities of the tax office. In the spring, I attended the New Tax Collector's training held by the New Hampshire Tax Collectors' Association, which focused on the tax lien/deeding process and the laws which must be complied. The spring workshop allowed for networking and instruction to understand the issues that Tax Collectors and towns face in properly collecting needed revenue while also ensuring that taxpayers are treated in a fair and lawful manner. I also successfully completed the first section of a three-part process to becoming a certified Tax Collector. The fall Tax Collectors conference I attended focused on the complexities of the MS-61, which is a document required by the Department of Revenue Administration.

Abby Tonry, Certified Deputy Tax Collector, has been busy keeping current use and credits/exemptions records up to date as well as assisting me at tax collection times.

New Tax Collection software was installed in the tax office in July. This has brought many exciting changes such as the ability to view/print tax bills on the Town's web site at hamptonfalls.org. We are hoping to be able to offer on-line payment options soon.

For those having problems paying property taxes, I encourage you to pay what you can to minimize the interest charges applied to your account. Also, please drop by the town office to determine whether you are eligible for any credits or exemptions.

Stephanie Grant, Tax Collector

### **BOOKKEEPING**

Debra Bassett was hired in April, 2015, to replace Cathy Whalen who resigned early in the year.

Financial records and reports are prepared within internal control procedures approved by the Selectmen to include review, authorization and payment of invoices and payroll. Accounts Payable is processed twice per month and Payroll is processed bi-weekly for full-time and regularly scheduled part-time employees and once monthly for other part-time employees.

Check warrant reports outlining the payments made were provided to the Town Administrator and Selectmen for review and approval and the Treasurer released funds, as requested. Monthly reconciliations are prepared by the Bookkeeper and Treasurer for balancing and Expenditure and Budget Status reports are provided to the Selectmen monthly. Year-end reports are made part of this town report.

An annual audit is conducted by Plodzik and Sanderson in January each year and the resulting report is made part of this annual town report.

### ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

On Friday, June 12, 2015, hundreds of family members, friends, community members and Winnacunnet staff members filled the Winnacunnet High School athletic stands to recognize the Class of 2015. For most of our 243 graduating seniors their educational foundation was established through the Pre-K through Grade 8 schools of SAU#21 and SAU#90. Our schools continue to provide our students with the educational opportunities necessary to succeed in high school and beyond.

All SAU#21 communities share the enthusiasm and commitment necessary to provide the resources our students need to develop as life-long learners.

Leading each community's efforts to support our students' needs are the members of our five school boards. Each of the twenty-three (23) school board members provide the leadership necessary to meet the mission of the New Hampshire School Boards Association to promote excellence in public education for all New Hampshire children.

As you review your community's Annual Report you will find stories describing our students' achievements that have been prepared by building principals or board chairs. The success of our students cannot occur without the support of all members of our communities. This continued support is deeply appreciated.

The SAU#21 Educational Philosophy states:

"We, the members of the SAU#21 educational community, are committed to developing life-long learners and critical thinkers and who contribute to a changing global society. The SAU#21 educational community consists of students, teachers, parents, administrators, school board members and the community-at-large working collaboratively towards this mission."

Providing our students and staff with the support necessary to meet the SAU#21 educational philosophy is the primary focus of your SAU#21 Central Office staff. Support is provided through

- Educational Leadership
- Curriculum, Instruction and Assessment
- Human Resources
- Financial (including payroll, accounts payable, accounts receivable and budgeting)
- Technology Support

These services are provided to our five school districts (Hampton Falls, North Hampton, Seabrook, South Hampton and Winnacunnet).

For the 2015-16 school year there are 14 employees (11 full time and 3 part time) working in the SAU#21 Central Office providing services to our five school districts.

Over the past several years through the leadership and guidance of the SAU#21 staff the following issues have been addressed to support our districts: the Affordable Care Act which requires a multitude of new reporting requirements and standards; contract negotiations; changes in student nutrition regulations; LGC Surplus Refunds to employees past, present and retirees; Capital Improvement Plans; bidding requirements and documents; building addition/renovation projects; coordination of teacher appraisal system; and professional development.

Other areas that are managed by the SAU#21 staff include: emergency response; annual meeting preparation; annual school district reports; monthly meeting agenda and packet preparation; policy

review; assistance with legal matters and concerns; and citizen and staff inquiries. In order to support the five districts, SAU#21 staff remain up to date and informed regarding changes (such as educational, financial, legal) that will have or may possibly impact the students and staff of all districts.

Our SAU#21 Central Office assists in the management and oversight of:

- 531 staff (presently under contract)
- Approximately 242 temporary staff (e.g. substitutes, coaches)
- 2,555 students (as of October 2015).
- Five school district budgets and the SAU budget with a combined total of \$53,609,269 in 2015-16.
- Coordination and administration of Federal Grants totaling \$1,175,751 in 2015–2016.

The continuing dedication and commitment of our SAU#21 staff to our students' and staff needs are major factors contributing to the effective and well-organized operations of the SAU office. A sincere thank you and a deep appreciation to our SAU#21 staff members:

Finance Manager, Nancy Tuttle; Human Resources Manager, Paula Cushman; Accounts Payable Bookkeeper, Mary Platenik; Human Resources Assistant, Sandra Kane: Accounts Payable and Federal Funds Bookkeeper, Mary Mace; Receptionist, Nancy Gosselin; Secretary to the Superintendent, Rhonda Evans; Payroll Specialist, Charlene Sears; Information Technologist, Kelly Parker; Administrative Assistant, Phyllis Kennedy; Inter-Office Mail Courier, Cynthia Durant; Business Administrator, Mr. William Hickey and Assistant Superintendent, Barbara Hopkins.

### **PERSONNEL**

In the morning of Thursday, August 27, 2015, all staff began the school year with light refreshments in the Winnacunnet High School dining hall. Staff then moved to the auditorium for remarks from the Superintendent. Highlights of these remarks included: complimenting them that despite the many changes that seem to be mandated, they are constantly finding ways to change and modify what we do for our students to best meet their needs: addressed what was presently known regarding the Smarter Balanced Assessment Program results: advised staff to not use media sources as their conclusive source of information for Smarter Balanced Assessment results; urged their focus to remain on their classrooms - To create an environment:

Where active learning occurs

Where they help their students to find the potential for the greatness they have within

Where they utilize their strengths as our teacher experts

Where they stretch their comfort zone to create learning opportunities that make their students feel safe and where their students are not afraid to try.

At the conclusion of the convocation a practice was started in SAU#21 to recognize yearly the commitment, dedication, and determination of our teachers who have achieved a longevity benchmark in their careers in public education. Since this was our first time recognizing total years of service in public education those with 25-29 years of service received a 25 year pin. Those with 30-34 years of service received a 30 year pin. Those with 35-39 years of service received a 35 year pin. Those with 40 plus years of service received a 40 year pin. As we continue this practice we will recognize these benchmarks 25 years, 30 years, 35 years and 40 years as a teacher reaches them.

Following is a list of teachers recognized for the service and dedication to our students:

In conclusion, our schools represent the dedication and commitment of a diverse cross section of members of each SAU#21 community. Thank you to all for your involvement, contributions and assistance to help create an environment for our students that is academically challenging, safe, and hopeful.

### **ANNUAL REPORT OF THE SCHOOL BOARD CHAIR**

The Hampton Falls School Board, along with Lincoln Akerman school administration and staff, are committed to ensuring that every student at Lincoln Akerman School has the opportunity to achieve to their highest potential. A successful education program requires community support, a solid core curriculum, talented staff and a clean, safe facility which meets space and programmatic needs.

### **COMMUNITY SUPPORT**

Essential to the success of LAS students is the support provided by the citizens of Hampton Falls. In addition to the financial support provided by tax dollars, many personal donations are made in support of fundraisers, and countless hours of time are given assisting teachers in classrooms, serving on committees and attending school events. These contributions of time and talent greatly enrich the education and opportunities of LAS students. This commitment to the students of Hampton Falls is recognized and appreciated.

### **CURRICULUM**

The teachers at LAS are constantly refining and strengthening all aspects of core curriculum. Assistant Superintendent Barbara Hopkins, continues to work with the LAS staff through SAU-wide Vertical Curriculum teams to ensure a smooth transition to the new Common Core State Standards

ANNUAL REPORT OF THE SCHOOL BOARD CHAIR - CONTINUED

which the State Board of Education adopted at their July 8, 2010 meeting. The standards have been developed to define the knowledge and skills students for students to be college and career ready when they graduate from high school. The standards are clear, rigorous, and aim to continuously increase students skills in ELA/Literacy and Mathematics.

### **STAFF**

For a curriculum to be effective you need a talented, well trained, committed staff to implement it. At LAS we are fortunate to have such a staff. Employment contracts are one way to acknowledge such performance. A new collective bargaining agreement has been reached with the Seacoast Education Association (SEA). Much time and thoughtful consideration has been put into the development of this agreement and it will be presented to the voters as a Warrant Article in March. All SAU#21 School Boards have recommended passage of this agreement.

### **FACILITY**

In addition to having a talented, committed staff and a well thought out curriculum, a successful school program requires a facility that is clean, safe, in good repair and meets space and programmatic needs.

In March 2015, the School Board and a team of citizens working on the Renovation Project were encouraged to see that again a majority of voters in Hampton Falls were in favor of the LAS Renovation Project. The Warrant Article was however just short of the 60% needed to pass. Given the results of this vote along with the previous two years voting results, the School Board needed to reassess and evaluate the proposed solution for not reaching the 60% approved threshold in the community.

During this evaluation the board reassessed the problem statement which has been before the town for the last 16 years. Due to programming changes implemented to keep Hampton Falls students academically competitive in today's world, along with a 90% increase in student population since the last renovation, space needs continue to be at the top of our priority list. This is followed closely by the renovation needs to the existing building. These issues are unchanged from the recommendations made by the 50 volunteer citizens who have evaluated the needs of the school over the last decade.

The School Board also spent time listening to the citizens of the town regarding their concerns with the holistic approach. At the top of the list was the expense associated with the project. Additionally there were concerns with the types of projects being financed over a long term. To address these concerns the School Board continued to work with Trident, the District's Owner's Project Management Company and LBA/Eckman, the Design Build group. As a group we moved forward to develop a plan that would address the school's space issues and was financially acceptable to the citizens of the town.

This plan, if supported by the voters of Hampton Falls in March 2016, will address the space issue and classroom inefficiencies highlighted in all of the studies which have examined the school building. These include space needs for our Spanish program, moving the music room into a space away from our library and classrooms, and creating a space where physical education isn't compromised by the sharing of its classroom with the LAS cafeteria.

ANNUAL REPORT OF THE SCHOOL BOARD CHAIR - CONTINUED

### **APPRECIATION**

In closing, the School Board would like to acknowledge Neil Kelley, who retired this past year. His contributions to the students and our school were many over his tenure at LAS. We wish Neil well as he moves on to the next phase of his life, and with our sincere thanks to him for his years of service to the LAS community.

Respectfully,

Greg Parish Chair, Hampton Falls School Board

The Library, School and Town are each separate political entities; 80+/- Volunteer Town Positions – 6 Paid Full-Time Town Employees, 50 +/- Part-Time/Seasonal Town Employees

At Town Meeting on March 10, 2015, voters approved the second of two money warrant articles to fund the construction of a multi-bay garage for use of the Police Department. Efforts were then made to obtain and consider bids with Nick Gray Builders, LLC of Rollinsford, New Hampshire, chosen to construct the project.

In August, ground was broken with site work, foundation, framing, roof trusses, utility needs, et cetera completed in October. By November, police vehicles were safely housed within a secure building.

Sincere thanks are extended to Police Chief Robbie Dirsa, as well as many other boards, committees, officials and volunteers, for the various expertise and assistance that made this garage a reality.

Special thanks are extended to Hampton Falls resident volunteer Jack Fermery for his talents in drawing paper plans that got this multi-bay garage project its start.
