FIRE PUMP INSTALLATION APPLICATION FORM

If you are installing a complete fire pump system, the Hampton Falls Fire Rescue requires certain information **prior** to installation.

Plans and installation shall conform to NFPA 1, NFPA 24 and NFPA 25 (editions as adopted by the State of NH Fire Code, SAF-C-6000 and local ordinances)

INFORMATION NEEDED:

This application shall be filled out completely and returned to the Fire Prevention Division.

Submit two (2) sets of COMPLETE plans. "Complete" means that plans and application SHALL be accompanied with a letter from the designer that plans meet all requirements as required by state code and local ordinances. The plans submitted shall include all hydraulic calculations and all specification sheets for all pumps, piping, power/fuel supplies and all other associated devices. A layout of the pup and associated wiring and plumbing shall be included.

Approved plans must be on file with the Hampton Falls Fire Rescue and a permit issued BEFORE installation work begins. Failure to obtain a permit before installation begins may lead to fines.

Plans that have been approved by the Prevention Division will have a copy returned to the installer with the permit. The Division shall be notified and review any deviations from the approved plan before final testing.

Prior to final acceptance by the Hampton Falls Fire Rescue, a signed contractors and materials test certificate for above-ground piping and flow tests shall be submitted. For new systems, the Division may require a copy of the underground-piping certificate as well (see your permit for additional information).

All inspection requests require 3-day minimum notice by installer. A Fire Official shall witness any required flow, air and/or hydrostatic tests.

The contractor must sign this form in the spaces shown below indicating that all plans and required forms will be submitted and that the contractor is aware that the occupancy permit may be held up by the Division until all conditions on testing and life safety have been met.

Permit fee: New commercial system \$40.00, new residential system- \$20.00

Payable to" Town of Hampton Falls, NH" THIS IS NOT A PERMIT.
