ZONING BOARD OF ADJUSTMENT

***Please review and return ALL documents in the packet, completing the section(s) applicable to your request. Applications are submitted to the Building Inspector (926-4618, ext. 5). Please note the schedule for deadlines.**

Dear Applicant:

This will serve to inform you briefly as to what you must do to bring a petition before the Zoning Board of Adjustment. The Board is charged with jurisdiction in four basic types of cases involving the Zoning Ordinances.

1. **Variances** - where special circumstances exist in the property warranting the use of that property in a manner which technically is in violation of the ordinance.
2. **Special Exceptions** - where the ordinance specifically permits a particular use provided the applicant can prove that whatever conditions attached to such use by the ordinance have or will be complied with.
- 3). **Appeal from Administrative Decisions** - where the applicant feels that the Administrative Official made an error in applying, or interpreting the zoning ordinance in a particular case.
4. **Equitable Waiver of Dimensional Requirements** - where a lot or other division of land, or structure thereupon, is discovered to be in violation of a physical layout or dimensional requirement imposed by a zoning ordinance enacted pursuant to RSA: 674:16.

This is to inform you, the applicant, that the Board cannot and will not grant the relief sought unless the applicant proves the elements of his or her case.

For example, variances may not be granted solely because the applicant is suffering from financial hardships or other personal problems or simply would like to put his or her property to a non-permitted use. The attached checklist is provided to advise you what information must be included with your application, but may not include all required information for your particular case.

THE APPLICANT IS RESPONSIBLE FOR PRESENTING SUFFICIENT INFORMATION TO SUPPORT A CASE. WHEN FILLING OUT THE APPLICATION, PLEASE PRINT OR TYPE.

Familiarity with the particular provision of the Zoning Ordinance that affects your property is important. Any specific questions you may have relative to your particular case can be answered either by obtaining a copy of the Zoning Ordinance at the Town Hall or online at hamptonfalls.org, or by inquiring at the Building Inspector's Office, 1 Drinkwater Road, Hampton Falls, NH 03844.

You may represent yourself or authorize, in writing, someone else to represent you.

HAMPTON FALLS APPLICATION FOR VARIANCE

(Please Type or Print in Ink)

The undersigned hereby requests a Variance to the terms of Article _____, Section _____, and asks that said terms be waived to permit _____, in Zone _____.

1. Explain how the variance will not be contrary to the public interest.

2. Explain how the spirit of the ordinance is observed.

3. Explain how substantial justice is done.

4. Explain how granting a variance would not diminish the values of surrounding properties.

5. Describe the special conditions that exist such that literal enforcement of the provision of the ordinance results in unnecessary hardship:

(A) For purposes of this subparagraph, "unnecessary hardship" means that, owing to special conditions of the property that distinguish it from other properties in the area:

(i) No fair and substantial relationship exists between the general public purposes of the ordinance provision and the specific application of that provision to the property; and

(i) The proposed use is a reasonable one.

(B) If the criteria in subparagraph (A) are not established, an unnecessary hardship will be deemed to exist if, and only if, owing to special conditions of the property that distinguish it from other properties in the area, the property cannot be reasonably used in strict conformance with the ordinance, and a variance is therefore necessary to enable a reasonable use of it.

The definition of "unnecessary hardship" set forth in subparagraph (5) shall apply whether the provision of the ordinance from which a variance is sought is a restriction on use, a dimensional or other limitation on a permitted use, or any other requirement of the ordinance.

**HAMPTON FALLS APPLICATION FOR
SPECIAL EXCEPTION**

The undersigned hereby request a Special Exception as provided for in Article _____,
Section _____, to allow _____, in Zone ____.

1. Explain how the requested use would be essential or desirable to the public convenience or welfare.

2. Detail how the requested use would not create undue traffic congestion or unduly impair pedestrian safety.

3. Describe how the requested use would not overload any public water, drainage, sewerage system, or any other municipal system to such an extent that the requested use or any developed use in the immediate area or in any other area of the town will be unduly subjected to hazards affecting health, safety or the general welfare.

**HAMPTON FALLS APPLICATION FOR
EQUITABLE WAIVER OF DIMENSIONAL REQUIREMENTS**

The undersigned hereby requests an Equitable Waiver to the terms of Article _____,
Section _____, and asks that said terms be waived to permit: _____
_____, in Zone _____.

Does the request involve a dimension requirement, not a use restriction?

Yes

No

674:33-a Equitable Waiver of Dimensional Requirement. –

- I. When a lot or other division of land, or structure thereupon, is discovered to be in violation of a physical layout or dimensional requirement imposed by a zoning ordinance enacted pursuant to RSA 674:16, the zoning board of adjustment shall, upon application by and with the burden of proof on the property owner, grant an equitable waiver from the requirement, if and only if the board makes all of the following findings:

Please explain (a through d):

- (a) That the violation was not noticed or discovered by any owner, former owner, owner's agent or representative, or municipal official, until after a structure in violation had been substantially completed, or until after a lot or other division of land in violation had been subdivided by conveyance to a bona fide purchaser for value;

- (b) That the violation was not an outcome of ignorance of the law or ordinance, failure to inquire, obfuscation, misrepresentation, or bad faith on the part of any owner, owner's agent or representative, but was instead caused by either a good faith error in measurement or calculation made by an owner or owner's agent, or by an error in ordinance interpretation or applicability made by a municipal official in the process of issuing a permit over which that official had authority;

- (c) That the physical or dimensional violation does not constitute a public or private nuisance, nor diminish the value of other property in the area, nor interfere with or adversely affect any present or permissible future uses of any such property; and

(d) That due to the degree of past construction or investment made in ignorance of the facts constituting the violation, the cost of correction so far outweighs any public benefit to be gained, that it would be inequitable to require the violation to be corrected.

- I. In lieu of the findings required by the board under subparagraphs I(a) and (b), the owner may demonstrate to the satisfaction of the board that the violation has existed for 10 years or more, and that no enforcement action, including written notice of violation, has been commenced against the violation during that time by the municipality or any person directly affected.
- II. Application and hearing procedures for equitable waivers under this section shall be governed by RSA 676:5 through 7. Rehearings and appeals shall be governed by RSA 677:2 through 14.
- III. Waivers shall be granted under this section only from physical layout, mathematical or dimensional requirements, and not from use restrictions. An equitable waiver granted under this section shall not be construed as a nonconforming use, and shall not exempt future use, construction, reconstruction, or additions on the property from full compliance with the ordinance. This section shall not be construed to alter the principle that owners of land are bound by constructive knowledge of all applicable requirements. This section shall not be construed to impose upon municipal officials any duty to guarantee the correctness of plans reviewed by them or property inspected by them.

NOTE:

The Board must find in the affirmative on all four questions (a through d) or the request must be denied.

By my signature, I give my permission to the Board of Adjustment Members and Building Inspector to have access to my property for viewing purposes regarding this application.
